## **Administrators Report**

### *Administrators Report*

The City of Gibraltar is a small waterfront city that sits on the edge of the Detroit River. Our 4.4-square mile Multi-Island Town is home to 4,995 residents and is sectioned by an expansive canal network. This provides us with a distinctive and luxurious riverside city.

This year the city hired in several new staff members including a new mayor, administrator, clerk, treasurer, and councilmember.

### *Major Accomplishments*

This year was a productive year which also set framework for future goals and objectives. Projects were completed, policies put in place and preventative maintenance measures were procured.

The Middle Gibraltar bridge project was a hallmark achievement for the year 2021. Construction began in summer and the new bridge opened to traffic on December 11<sup>th</sup>, 2021. This project was five years in the making as the city sought out a critical bridge grant to help provide funding for the project. At the time of the bid letting, the low bid came in a \$2,788,304.49 and was \$144,304.49 over the awarded grant. Through quick action of city staff and engineers, the state agreed to cover the overage at the same agreed upon percentage as the awarded grant amount. The State of Michigan covered 95% of the cost while the city assumed responsibility for 5% plus engineering. Overall, the project had no major setbacks but did experience some timing delays. The new bridge opened to traffic two weeks after the expected date to the fanfare of its citizens. Accompanying the new bridge, the city resolved its work with Wayne County on the development and installation of a new park located on Horse Island. This multiyear project concluded this year and the city was reimbursed for \$40,000.

The city met new Federal Motor Carrier Standards Administration requirements from Department of Transportation. Through working with a third-party administrator for service notices, the city will continue to meet requirements as they arise.

When the opportunity arose for information technologies enhancement and security upgrades, the city was able to save significantly on upgrading the network; staff worked with the existing IT provider and received the new securities at no additional cost.

The city contracted with Granite Inliner to begin work on the city capital improvement plan. And has completed 92% of the contract to date. More information can be found in the Department of Public Works report.

The city retained a set of preventative maintenance contracts throughout the year. The following table indicates some of the ongoing contracts that will be continuing through 2022. This table will be updated as more contracts are gained or lost. This is a tool for staff that outlines who we can go to for services and help in budgeting.

Neptune	Water meter software
Hydropcorp	Cross Connection Program
Cummins	Generator
Adams OHM	Third Party Admin -DOT Testing
HVAC Systems	Heating and Cooling
WCA Assessing	Assessor
Riverview Land-Fill	Refuse
IT-right	IT Department
Xfer	Phones

WOW	TV/ Broadcasting
Comcast	Phones/internet/TV Broadcasting
Windstream	Phones/internet
Kennedy Industries	Pumps
TruGreen	Landscaping
Gabriell Rodeu Smith	Pension
Actuareis	Pension
DTE	Electric / Gas
Pentiuk, Couvreur & Kobiljak	Legal

This year the State of Michigan began delivering on the American Rescue Fund (ARPA) monies. In July, the city successfully applied for the money and has been allocated 50% of the funding. To date, the city has 236,000 of the \$472,000 allocated. Administration applied for an additional \$3,200,000 to help fund additional capital improvement projects. The city sought out this opportunity thorough Wayne County as they received an allocation of additional ARPA to divide to county partners.

One of the most impactful achievements of this year was the ascertaining of a new, dedicated millage for capital improvement on our water, sanitary and storm infrastructure. The city had been attempting to get a dedicated millage for the capital improvement projects that the city has. Through data collection via the SAW Grant, it was determined that significant work must be conducted on city infrastructure. Prior to the passing of the new millage in November 2021, the cities only mechanism for funding was water rate adjustments which would not have been able to fund stormwater work.

The city held multiple townhalls and enlisted the assistance of its citizens in an advisory body called the citizens committee. Through working with community members and reconciling the feedback from failed millage asks prior, staff and council were able to deliver a pitch where the city would ask for a millage of 2.5 mills with a subsequent water increase for capital improvement. This was seen as both equal and equitable to the citizens and the millage passed with over a 5% margin. This monumental achievement could not have been done without the dedicated work of everyone involved. Moreover, it allows the city avenues to safeguard and enhance infrastructure for years to come.

2022-	370,090.55
2023-	377,492.36
2024-	385,042.21
2025-	392,743.05
2026-	400,597.91
<hr/>	
Total-	1,925,966.07

This five-year millage will be up for reinstatement at its sunset and has the opportunity to be a infrastructure funding mechanism for the city indefinitely. At this time the millage is set to raise a total of \$1,925,966.07.

An opportunity arose for the city to go refinance our road and city hall bond. With the dedicated work for staff and community partners we were able to save on our existing debts.

In 2021 the city received a new contract for refuse hauling from priority waste. The transition was a little challenging but had been but is now operating smoothly. One challenge that was notable, was the changing in pickup days from Tuesday to Monday.

### *Projects for to budget for 2022-2023 and beyond*

The city has major projects that are in their infancy, as well as some items that should be considered for next years' budget. The city is currently working on applications for the state revolving fund to help finance the construction of three water mains in the city. One on Middle

Gibraltar that would provide water redundancy, another on South Gibraltar road that is critical in connecting city services and the last one on West Jefferson that is a core feed for water service. Additionally, a lead line inventory is underway to help locate and replace service lines in the city.

The city should continue work on the sanitary and storm asset management plan. Gibraltar is currently looking to be offered access to a bid project that would allow for sewer relining and manhole restoration.

The city website is in desperate need of a re-design to make it more user friendly. Additionally, the transition to a .Gov domain is a standard best practice. Currently, a bill is in the works that would require governments to have a .Gov domain.

City hall is beginning to show its age in some areas and the carpeting is in need of replacement. This should be another item to budget for. Additionally, heating cooling and electrical systems should be surveyed in all municipal buildings for possible replacement.

The annual bid will be going out for Bridge inspections come early spring. The Riverview Land Preserve allows the city to utilize the land fill for street sweepings, but an annual material test must be conducted. This is crucial for our Department of Public Works and State permitting requirements.

The city collectively bids out salt contract and this year we should be looking to extend our current contract or seek new proposals.

## City Clerk Report

### *Mission Statement/Departmental Activities*

Since the Clerk's Office is often the first contact people experience when calling or visiting City Hall for information and services, the Office of the City Clerk always strives to provide accurate information in a friendly and professional manner.

The City Clerk is responsible for a wide variety of services and information. One of the most important is to be the central location for document retention and storage of official documents and communications, including the official minutes of the City Council, and all Commissions and Committees, as prescribed by the State of Michigan. The City Clerk attends all meetings for City Council, Planning Commission, Downtown Development Authority, and Zoning Board of Appeals; the Clerk also prepares the agenda, minutes, and meeting packets for these boards. In addition, the Office of the City Clerk is the primary department of the distribution of official City of Gibraltar notices, and ensuring compliance with the Open Meetings Act.

The City Clerk is the official signatory for all municipal contracts and checks and the overseer of all personnel leave-time calculations/record keeping.

The Office of the City Clerk is also responsible for processing Freedom of Information Act requests (FOIA), solicitation permits, overseeing public bids, publishing public notices and providing free notary service.

### *ELECTIONS & VOTER REGISTRATION*

The Clerk's Office is responsible for administering all elections in accordance with State and Federal law.

The Clerk is accredited as an Election Official by the Michigan Bureau of Elections under Michigan Election Law to employ and train precinct inspectors to serve in the voting precincts at all elections. The Clerk is also trained and certified to prepare and test voting equipment and materials to ensure accurate vote tabulation and reporting.

The City of Gibraltar has two voter precincts, they are both located at the Gibraltar Community Center – 29340 South Gibraltar Rd.

Regularly scheduled annual elections are held on the first Tuesday after the first Monday in August and November. Specials Elections may be held in May, if needed.

Residents may register to vote in person at the City Clerk's Office, at any Michigan Secretary of State's Office, online at [michigan.gov/VoterRegistration](http://michigan.gov/VoterRegistration), at any state agency that provides public assistance or services to people with disabilities, by mailing in a completed voter registration application postmarked at least 15 days before an election, or through a voter registration drive. A resident must be a resident of Gibraltar for at least 30 days prior to an election to be eligible to vote in that election and must have reached their 18<sup>th</sup> birthday on or before Election Day. New voters will receive a Voter Identification Card by mail after the registration process is completed showing their voting location and districts in which they are registered.

## *2021 Department Highlights*

- 4,192 registered voters as of January 13, 2022
- Held the Local General Election on November 2, 2021
  - Voted for: Mayor, Clerk, Treasurer, 3 Council, Infrastructure Improvements Millage
  - 1,030 Voters (24.59% Voter Turn-out)
- Processed 104 FOIA requests
- Issued 39 business licenses (list is attached)

## *2022 Department Goals*

### **ELECTIONS**

- Redistricting –
  - Using the 2020 Census numbers, the Michigan Independent Citizens Redistricting Commission has redrawn Michigan's district boundary lines. As a result, the new boundaries have changed Gibraltar's districts for the US House of Representatives, Michigan Senate, Michigan House of Representatives, and Wayne County Commissions.
    - US House Representatives – Changing from District 12 to District 6
    - Michigan Senate – Changing from District 1 to District 4
    - Michigan House of Representatives – Changing from District 23 to District 27

- Wayne County Commission – Changing from District 15 to District 14
  - The change in districts for the City of Gibraltar will require a new Voter Identification Card with the updated districts to be mailed to every registered voter in Gibraltar.
  - Redistricting will not affect Gibraltar’s precinct boundaries or polling locations.
- Conduct State Primary Election – August 2, 2022
- Conduct State General Election – November 8, 2022
- Continue to conduct secure, fair, and efficient elections

## **CLERKS OFFICE**

- Update the City of Gibraltar website
- Update the City of Gibraltar public access cable channel
- Continue to complete FOIA requests in a responsive and timely manner
- Create/update a complete fee schedule for all fees for services collected by the City
- Organize/maintain records in accordance with State of Michigan’s record retention guidelines
- Complete codification of City ordinances
- Attend Michigan Association of Municipal Clerks (MAMC) Clerk’s Institute in March 2022
- Obtain MiPMC (Michigan Professional Municipal Clerk) certification from MAMC in March 2022
- Attend MAMC Clerks Conference in June 2022

**2021 BUSINESS LICENSES**

<b>Business Name</b>	<b>Business Address</b>

RRS Management	27821 Fort St.

## **Department of Public Works**

### *Water Department:*

The City of Gibraltar's water department handles water service items throughout the city. There is 110,084 feet of watermain in the City of Gibraltar. This network is responsible for supplying residents of the community with fresh water. A full-scale water asset management plan (WAMP) was completed in 2021. This plan outlines future projects and provides cost estimates for infrastructure advancements, replacement and installation for years to come. Included in our WAMP, is methodology for lead service line replacement and a new redundancy watermain for the City of Gibraltar.

The city is a customer of the Great Lakes Water Authority (GLWA) and purchases water for resale. The city has approximately 1570 bills per billing cycle. This total changes slightly as some residents are not present during different seasons and opt for a water shut off. The city bills every quarter for water usage; this leads to four bills per year. The city utilizes Neptune technologies software for data recording and meter reading.

There was a large increase in our water rate structure in 2021. From April 2017, - April 2021, there had not been a water rate adjustment for the city. Due to this, the city had been operating with little to no revenue in its water account and had been absorbing the cost increases from our provider. The water account is an enterprise fund that provides essential funding in any municipality and must be adjusted routinely to do so. Previously, the water rate for the community was at \$20.14 per unit. An adjustment was made in 2021 which increased this amount by \$1.90, taking it to \$22.04 per unit. As of fall 2021, that rate is \$23.04 per unit.

In the fall of 2021, a line item of \$1 per unit of water was added to water bills for additional infrastructure funding. Best practices suggest that city water rates should be adjusted each year based upon purchase price from GLWA. This means that any cost increase from GLWA should be passed down and incorporated into city water rates. Moreover, this practice should be mirrored on wastewater charges as they change yearly from the South Huron Valley Utility Authority (SHUVA).

At this time, the water sewer rates for the City of Gibraltar are combined. Consumers are billed on a per unit charge in the city. One unit is equivalent to 1,000 gallons of water.

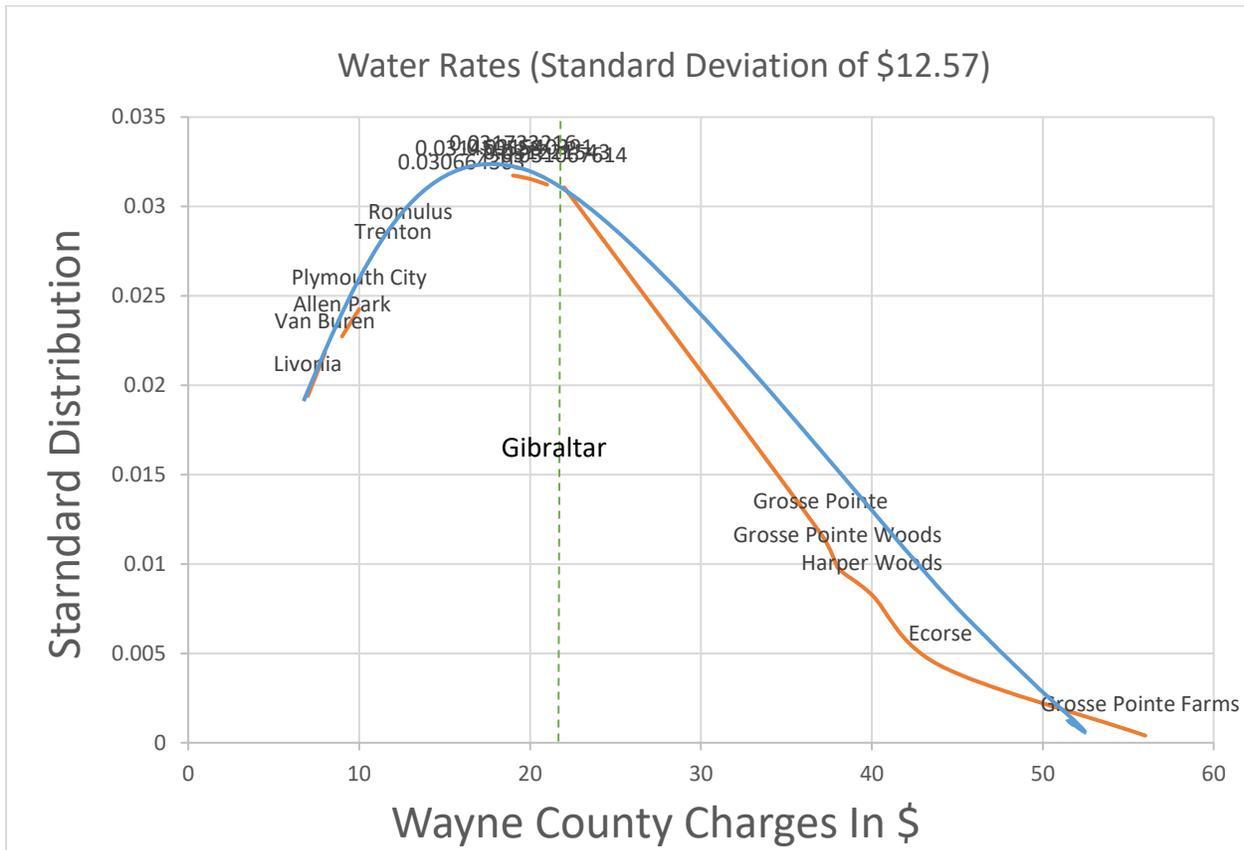

### **City of Gibraltar Water-Sewer Rate: 01/01/2022**

**Water: \$9.28 / Unit**

**Sewer: \$13.76 / Unit**

**Combined: \$23.04 / Unit**

**Twenty-Eight Wayne County Communities Reflected**

**(Data collected from available municipal information(s) survey, July 2021)**

Gibraltar has a slightly higher than the average water sewer rate than other Wayne County Michigan communities. Even with outliers removed, there is a high standard distribution of unit cost throughout the County. Moreover, unique municipal charges are incorporated per municipality that ultimately make up their respective rates.

*Quarterly Data Reports FY 2020- Dec.2021*

It is crucial to track and record data from year to year as this helps influence a myriad of processes at the city. Because of existing data tracking, it is clear to see that the city has historically sold 100-105 Million gallons of water throughout any given year. This is critical knowledge for the city as it influences budgeting, allowing us to predict (with decent accuracy) how much money is to be spent and accrued at any given point. This helps influence decisions made when adjusting water rates, purchasing capital equipment, saving for projects and paying employees. The water account is an enterprise account which allows the city to adjust and react accordingly to any kind of volatility, providing stages of budget protection.

Many of our employees spend time working on activities specific to the water and wastewater in the City. The water account is a primary way to cover costs of these activities and allow for large capital purchases such as material and equipment. Our water account allows the city to carry out day to day functions. Additionally, services rendered for work done that pertain to activities in the account are valid expenditures, helping protect and support the line-item budget.

## 1st Quarter (July, August, September 2020) Billing Totals

(Working document, not yet updated with final figures for 2<sup>nd</sup> quarter 2021)

Quarterly data indicates a higher usage of water in spring and summer months than in the fall and winter season.

The water department is responsible for the production and publication of the Annual water quality report. This state required document outlines and addresses that quality of water service that the city provides and offers exemplary information about the city's water network.

Additionally, an annual pump report is developed each year and submitted to our water provider GLWA.

## *Sanitary:*

The City of Gibraltar belongs to the South Huron Valley Utility Authority (SHUVA) for waste water treatment. The city purchases capacity at the West Jefferson Plant to satisfy usage needs of the municipality and its residents. In addition, the city contributes proportionally for capital operations and maintenance of the SHUVA treatment Center. Historically, the City of Gibraltar has contributed near 15% of the plants total flow. As of December 2021, The City of Gibraltar's usage has been trending down. A rolling, five year "look back" adjustment 'shores up' the account for city each year.

In 2020, a bond of was taken out for capital improvements and upgrades to the SHUVA facility. Gibraltar is responsible for \$3,481,509 of this bond (see debt service report appendix I). The sunset of this bond it 2042.

The city maintains 101,207 feet of municipal sanitary piping.

Gibraltar receives monthly reports from its wastewater partner that outlines the facility usage. These reports break down usage to gallons per day. Our metered gallons are quantified in million gallons contributed or by "Gal x 1000" on the following reports.

41,049	14.46666667	Summer
39,384	11.43333333	Fall

This year (2021) the City of Gibraltar had an average contribution of 33,679,000 gallons per month to our waste water treatment facility. Our lowest contribution season was Spring and our highest being summer. Our average use of all contributing municipalities was 12.025% per month of the total metered gallons for the facility. Our lowest contributing month this year was 9.7% in November. A steady decline of facility usage began in July of this year. This corresponds

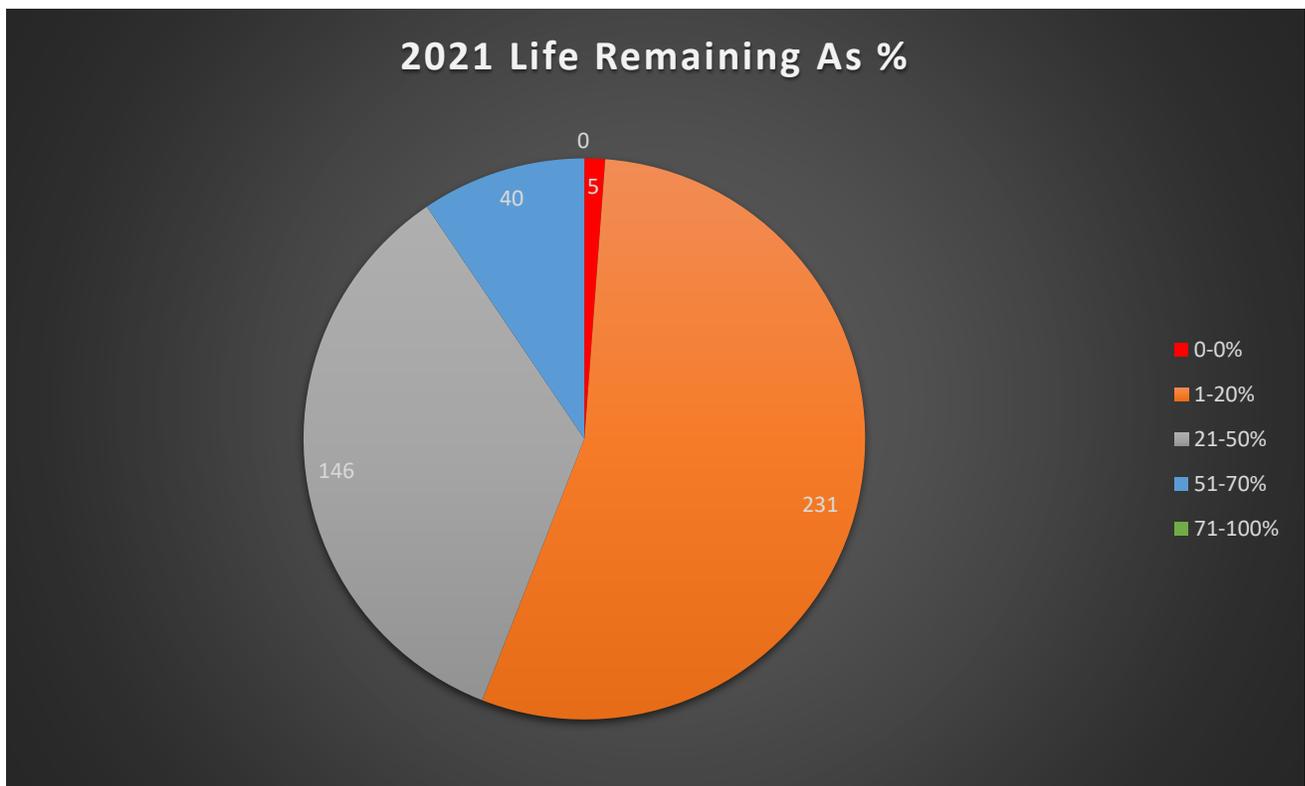

with the sanitary restoration project that city started in 2021. We hope to see lower flow rates continue as additional restoration work is conducted.

## City Infrastructure Sanitary and Storm

*Capital Improvement: Age of the infrastructure in comparison to material useful life span.*

The following graphs indicate the state of city infrastructure as it compares to a typical, useful lifespan of the represented piece of material. This does not assert that infrastructure cannot last well past its useful life or assure that it will not fail during its expected lifetime. The following data indicates that work must continue to be done and that our infrastructure is only getting older. Thus, heightening the chance of any capital failure. Data is pulled and brought up to date (July 2021) from the existing asset management plan for city storm and sewer infrastructure.

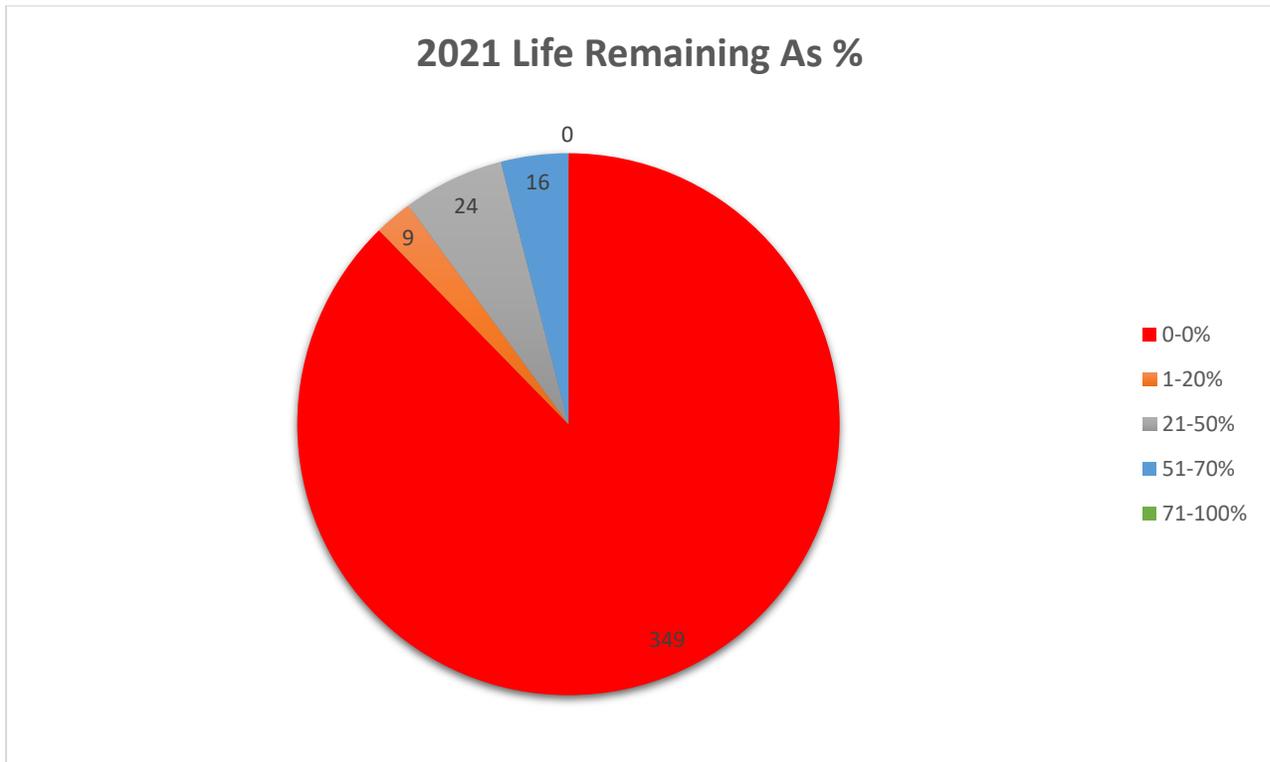

*Sanitary Piping (July 2021)*

*The city maintains 101,207 feet of municipal sanitary piping.*

Rank	%	# Of Assets

## **2021 Sanitary Sewer Relining**

In 2017 the City of Gibraltar was awarded a SAW Grant from the State of Michigan which located, documented and televised the sanitary and storm infrastructure networks. This data created a capital improvement plan for the city and outlined a 20+ year rehabilitation project. In 2021, the City Contracted with Granite Inliner for sanitary sewer restoration. This began the first phase of the capital improvement plan for the City's Sanitary system. The project consisted of relining existing sanitary sewer piping segments and supporting them with a cure in place piping material.

Cure in place piping is a structural lining that uses the existing infrastructure, saving on excavation. Through the use of this material, the city fixed critical pipes located through the city. Many more are slated to be relined in 2022. Through this relining process, the city helps address the issue of inflow and infiltration.

Inflow and infiltration (I&I) is a problem where water penetrates the sanitary system through pipes, manholes or other deficient infrastructure. Through viewing the SHUVA flow reports for 2021, it is clear to see that progress is being made to address this issue. The main issue with I&I is that the city is paying to treat the clean, unmetered water that penetrates the system as it makes its way to SHUVA facility (leading to the aforementioned lookback adjustment).

Typically, lake levels and ground saturation heavily influence the amount of inflow and infiltration that the city has. Through reducing the number of vulnerabilities in the system, the less impactful high-water levels will be. From 2018-2021 the city has experienced flooding due to the abnormally high lake levels and rainfall. This increased our wastewater treatment cost as the water found its way into the sanitary network through our most dilapidated infrastructure.

The lining table reflects the project conducted in 2021 and notes that there are two outstanding pipes that are to be lined in 2022 based of the contract with Granite Inline. The lining projects addressed the most critical areas in the city and sealed locations where water would otherwise infiltrate the network.

## *DPW Operations Overview:*

The Department of Public Works staff consists of one director, three full time staff and three part time positions. The City must retain a staff member with a S-2 level water license to be eligible to sell water. In 2021 the department hired a director to support operations for the department. It was the responsibility of the DPW director to help establish a dedicated funding mechanism for the city's water and storm assets management plan and begin its implementation. This was achieved through the passing of millage (see administrators report).

The DPW are critical staff members in the city that respond to issues and perform maintenance on city facilities, infrastructure and capital. This year, the department responded to three water main breaks, replaced one lead service line and performed 1,117.25 hours of overtime to keep the city running smoothly.

DPW staff are responsible for taking water samples and submitting data to EGLE each year. This report focuses on designated testing locations approved by the State, that checks for water quality and contaminants. Water systems departments from Detroit take routine sampling as well to supplement State guidance. The city partners with Hydrocorp to manage and enforce the cross-connection program. Additionally, they prepare and present the annual report document each year.

The community rating systems report is due each year and 2021 was an audit year. This correlated with the changing flood maps and is the city's document that provides the city eligibility to provide flood insurance. The city of Gibraltar retained its current rate. Still, the new flood maps reduced the overall point totals that the city received. It is unlikely that a reduced rate will ever be achieved. Still, research should be conducted to help elevate the cities point total if possible, helping secure the current rate in future years.

Michigan stormwater permits are pulled each year for the city through the Michigan MiWaters portal. These are often referred to as our MS4 permits. In addition, MiBridge is updated with annual bridge reports and inspection material that the city contracts out annually. These, in conjunction with the Transportation Asset Management Council reporting tool, which outlines and records city roadwork, make up the elements that allow the city to be eligible for Public Act-51 monies.

In 2021 the city began construction on the new, Middle Gibraltar Bridge that connected residents to main throughfare of the city. In 2020 the previous bridge was closed due to its deterioration and level of criticality. In July 2021 the old bridge was demolished and on

December 11<sup>th</sup> 2021, a new bridge opened to traffic. Final, tertiary items will take place in 2022 as painting and lining must be finished. This monumental task was only achievable through grant funding and constant teamwork of the city and its partners.

Road sectioning work took place throughout the city this year helping restore transit surface on heavily used local roads. A Paser, data collection grant was awarded to the city and an asset management plan will be made to better direct the city on future road repair. In addition to helping the city spend wisely on road construction, this asset management plan will bring the city into compliance with State regulations, allowing the city more freedom in its use of Public Act- 51 monies. The city will be applying for two more bridge projects in 2022 and intends to meet match requirements through using the PA 51 funds. The development of a road asset management plan is critical for this initiative.

Stormwater and flooding are a constant battle for city staff. The city has been utilizing deployable pumps to help fight against high water from Lake Erie and stormwater flooding. A network of berms helps protect the city from the eb-and-flow of the water table. Horse Island does not have berms due to an opt out when they were installed years ago. The City maintains 76,830 feet of storm sewer. Kennedy Industries is the contractor we turn to when any pump work must be completed. This may be for the lift station or stormwater.

A new water department van was ordered in 2021 with expected delivery in spring 2022 and a columbarium was purchased for the city cemetery.

Our Department of Public Works is always working to keep citizens safe, and the city cared for. This can only be achieved through their continued dedication and the use of necessary equipment. As we turn to budgeting for FY2022 -2023, there is a wish list of items that staff would like. Planning and budgeting for these expenses is necessary as they will not all be achieved in a single year.

The highest priority items that the city should budget for consist of:

- Dump Truck -New- (two years out a half cost this year)
- Lawnmower – New zero turn riding mower
- Manlift (Scissor lift)
- Gator with a Plow
- New deployable 8-Inch backup pump
- Pedestrian bridge reconstruction material (Middle Gibraltar Road)

## **Finance & City Treasurer Report**

### *Mission Statement/Departmental Activities*

The Mission of the Finance Department is the efficient collection of all revenues owed to the City of Gibraltar and other taxing units. We strive to distribute in a timely and accurate manner collected tax monies to the various taxing units and City accounts. The Finance Department is also responsible for investing idle City funds. The Finance Department works in tandem with various other departments ensuring we stay within the budget throughout the year.

### *2020-2021 Highlights*

- Balanced Taxes and was able to send the Tax Roll to the Wayne County Treasurers office in a timely manner
- Set up new Tax Database in BSA and learned how to adopt the new millage rates as well as adding water bills to taxes
- Filed CAP for OPEB system to ensure we were within compliance
- Balanced Statements on a Monthly Basis

### *2021-2022 Highlights*

- Completed Audit for 2020-2021. Found most of the items that were not paid in the tax account and paid out to the correct places. Implemented new controls with banking.
- Made sure all accounts were up to date in order to help us receive ARPA funds. Also, set up ACH payments from the State and County so that future revenue is received more promptly.
- Continuously balance taxes with each payment that is made to the County, State and School
- Corrected errors found in the water account
- Made sure reports were filed with the County and State in a prompt manner. Learned how to complete future reports from Plante Moran
- Continuously monitor investments. Making sure we are investing idle funds.
- Continue to serve the public in an efficient and courteous manner
- Worked on ensuring data was provided on the website
- Worked on the Bond refunding project to help save the tax payers money.

The Finance Department is always available at the residents’ convenience to meet with them and discuss those issues as they relate to City Tax dollars and City investments. We can assist with any inquiries during regular office hours. Our website is an additional resource of information for Residents. Annually, the City lists financial dashboards, citizens’ guides, and debt statements for review. These reports are also attached to the annual report for reference.

Millage Rates	
2021 Summer	
City Operations	14.5946
Solid Waste	1.8700
Road Bond	1.3500
Building Bond	1.1900
School Debt	6.8300
School Operations	18.0000
School Sinking	0.4888
State Tax	6.0000
Wayne County Operations	5.6347
2021 Winter	
Wayne County Operations	0.9873
Wayne County Public Safety	0.9358
Wayne County Parks	0.2453
HCMA	0.2089
RESA Operations	0.0962
RESA Special Ed.	3.3596
RESA Enhancement	1.9962
WCCC	3.2379
WC Zoo	0.0997
DIA	0.1995

**For full Budget, Debt Service Report, Citizens Guide, Performance Dashboard and Bond Ratings please see appendix I. (Separate document in digital form)**

*Payroll*

The mission of the Payroll Clerk is to ensure all of our employees get paid in a prompt and correct manner. They also keep track of tax disbursements and balance with the Finance Director on a bi-weekly basis. The payroll clerk also ensures that the drawer is balanced daily so that we are ready to begin the next day.

*2020-2021 Highlights*

- Taxes were paid in an efficient manner and balanced with the new Finance Director
- W-2's were sent out promptly to all staff
- Payroll was processed efficiently
- Past due invoices were collected
- All payments received were processed competent manner

*2021-2022 Highlights*

- Mary was hired and trained by Jackie.
- Mary has processed fifteen payrolls on her own in a prompt and efficient manner
- Taxes are balanced bi-weekly with the Finance Director and then paid to the correct bodies
- Past Due invoices are monitored for collection
- All payments are received in an efficient and prompt manner
- Residents are always helped in a friendly and professional manner

**Public Safety Department Report**

The Public Safety Department is made up of both the Police and Fire Departments. Together, they provide police, fire and EMS services for the City of Gibraltar, 24 hours a day, 365 days a year.

The Police Department currently has 9 full time certified police officers, one full time civilian, 10 part time dispatchers and one part time ordinance officer.

Matthew Lawyer	Chief of Police
Lt. Bruce Bullard	Detective Bureau
Sgt Timothy Trush	Road Supervisor
Sgt. Gary Robinson	Road Supervisor
PtIm. Brandon Seifert	School Liaison officer
PtIm Scott Oldani	Road Patrol
Pltm. Zachariah Phillips	Road Patrol
PtIm. Mike Lezotte	Road Patrol
PtIm. Daniel Sampson	Road Patrol
Civilian Michael Anderson	Full Time Police Admin Assistant
Civilian Barry Healy	Part-Time Dispatcher
Civilian Sandy Sheldrake	Part-Time Dispatcher
Civilian Terri Lekity	Part-Time Dispatcher
Civilian Corrine Bondy	Part-Time Dispatcher
Civilian Heather Jones	Part-Time Dispatcher
Civilian Kathy Mercure	Part-Time Dispatcher
Civilian Joseph Placido	Part-Time Dispatcher
Civilian Kristen Fronzak	Part- Time Dispatcher
Civilian Angela Carter	Part- Time Dispatcher
Civilian David Lacourse	Part-Time Ordinance Officer

The Police Department is primarily responsible for the protection of life and property, investigation of all criminal and civil complaints, traffic safety and investigation of all traffic accidents, and ordinance enforcement. The Police Department also provides for the initial response to requests for EMS. Currently all sworn police personnel are licensed Basic EMT’s and one patrolman holds a paramedic license.

The Police Station is manned 24 hours a day by a Dispatcher and acts as the Public Safety Awareness Point (PSAP), for all Police/Fire/EMS emergencies. Dispatchers are also the primary contact for walk in requests for service and monitor inmates in the holding cells. The Police Department is a 72-hour holding facility for inmates. The Police Department also acts as the primary point of contact for any DPW emergencies after normal business hours and is tasked with calling in the DPW for after hour emergencies.

## *PUBLIC SAFETY DEPARTMENT GOALS AND OBJECTIVES FOR 2022*

1. Attain a Police Department minimum staffing of 10 officers. This number included the Chief of Police. The additional officer would reduce overtime and in the summer months when the School Liaison Officer returns to the road it would increase staffing to 4 officers on each platoon.
2. Complete installation of 2 new Emergency warning sirens.
  - a. Sirens were shipped from Federal Signal on 12-30-21 and are at the West Shore Signal Warehouse. Installation scheduled for late February.
3. Take delivery of F-150 Police Pursuit Vehicle and equip the vehicle.
  - a. Tentative build date for the vehicle is in late February.
4. Increase level of in person training for the Police and Dispatchers.
  - a. Do to the Covid-19 Pandemic in person training has been limited.
  - b. Host training classes in the Municipal Complex to offset cost of training.
  - c. Certify all sworn personnel on F-150 Pursuit Vehicle in emergency vehicle operations.
  - d. Certify an officer to be a range instructor in handgun and rifle for the Police Department. In 2020 we have requested assistance from Rockwood Police Department and Taylor Police Department to certify officers.
  - e. Increase qualifying in firearms to bi-annually with a third training being a computer simulated training session at School Craft College.
  - f. Water Rescue training for officers that have not received training.
  - g. Patrol Bicycle training-pending Border Patrol availability to host class.

- h. Forensic crime scene investigation class for the Detective Bureau.
5. Declare several old non used department firearms as surplus and purchase several new long guns for the police department with the proceeds from the surplus guns. Sale would be to a Federal licensed dealer.
6. The purchase and implementation of body worn cameras for sworn police officers.
  - a. Estimated cost of \$7,000 to \$9,000 per year to lease cameras, 5-year lease (recommended option)
  - b. Two major manufactures Axon and WatchGuard, both have advantages and disadvantages.
  - c. Onsite meeting with Wayne County Prosecutor Kim Worthy in 2021 strongly encouraging implementing body cameras.
  - d. A grant was applied for and notification was received that the City of Gibraltar has been wait listed. Due the fact that more municipalities have applied than grant funds available.
  - e. Possible reduction in insurance premiums if body worn camera implemented
  - f. President Biden will be addressing Police Reform in February 2022. Body worn cameras may be part of police reform mandate.

*RECCOMENDATIONS FOR MUNICIPAL BUILDING AND TECHNOLOGY UPDATES IN 2022*

**1. MUNICIPAL COMPLEX**

- a.) Keyless entry key fob system is outdated. No new key fobs can be programmed and lost or stolen key fobs cannot be deactivated. The cost to upgrade the system is \$7,000 to \$10,000 when the last quote was received. If monies are available in the next fiscal year, it is my recommendation to upgrade the system so it can be fully utilized again. If funds are not available and the system fails other options are the following:
  - Return to manual keys, it would be my recommendation to have the entry doors to the main areas rekeyed due the uncertainty of how many keys are unaccounted for.
  - Combination of manual keys and numeric key pads at the entry doors. Numeric key pads are still in place but may need to be upgraded.

- b.) Replacement for camera system for Municipal Complex. This project was initially scheduled for 2020-2021 fiscal year but was delayed due to Covid 19. The original company, DR Sound was awarded the bid and completed the camera system at the Gil Talbert Community Center. DR Sound revisited the Municipal Building to provide an updated quote in 2021. To date after countless emails and phone calls I have not been able to get an updated quote from DR Sound. My recommendation is to go out for new bid proposals if the camera system is budgeted for the next fiscal year.
- If the project is not budgeted a new recorder will need to be purchased due to the fact that the current hard-drive on the recorder is failing. The cost for a new recorder is approximately \$500 to \$800 dollars.
- c.) HVAC System Municipal Complex has shown signs of aging in 2020 and 2021 with an AC Condenser failing along with a heat exchanger. I predict that due to the age of the system future failures are to be expected.
- Our current filtration filters have a MERV Rating of 6, due to the ongoing Pandemic of Covid 19, I am recommending the HVAC filters be upgraded to a MERV Rating of 11 or above. There will be an increase cost for the filters but no other modifications have to be made to the HVAC System.

#### *TECHNOLOGY UPGRADES IN 2021*

- a.) Rapid S.O.S for the 911 system- allows for location identification for all incoming 911 calls on cellphone and tracking of cellphone location while call is in progress.
- b.) Texty 911, allows for incoming and outgoing calls to come into the 911 system via text message.
- c.) Outdoor CCTV cameras livestreamed to dispatch center for real time viewing of outside areas of the Gil Talbert Community Complex.

#### *Planned Technology purchases in 2022*

- a.) (2) Microsoft Soft Surface Pros with an internal WIFI- internal WIFI is needed to utilize the Mapping System on the CAD System. \$1,700 per unit

- b.) (2) Brother laser jet printers for the patrol vehicles. Downriver agencies are changing software providers for ticket and accident reporting and the old Print tech printers are not compatible with the new software. The department printers are at the end of service life with the newest printer being approx. 4 years old and was a remanufactured unit at the time of purchase. Cost \$700 per unit.
- c.) Purchase of new computer tower, depending on technology in tower approximate cost is \$1,500 to \$2,000.
- d.) Possible purchase of new Fax machine. Although archaic it is still the communication method with the Wayne County Prosecutor's Office. The Wayne County Prosecutor's office may be updating to an encrypted email system which would negate the purchase of the fax machine.

*Department Ammunition purchase 2022*

- a.) Ammunition through the state bid price is currently taking approximately a year to receive from the time the order is placed.
- b.) With the uncertainty and extended wait times for ammo I have and will continue to order more ammo that is needed for training and duty ammo.

*Intoxometer (Datamaster) Breathalyzer*

- a.) The department's Data master was removed from the Police Station in 2021 by the Michigan State Police. The Gibraltar Police Department does not own the unit and it was under user agreement through the Michigan State Police.
  
- b.) The Michigan State Police and the manufacturer of the breathalyzer Intoxometers are in litigation over allegations of falsifying records of accuracy in testing of the units. Due to the litigation Intoxometers is not providing replacement parts to the machines when they break, this is creating a shortage of working breathalyzers across the State of Michigan. The Michigan State Police is mandated by law to provide a breathalyzer to every county in the State of Michigan. Our unit was taken and was placed in a county on the west side of the State. Neighboring cities have had their machines taken or are inoperable due to lack of replacement parts.

- c.) With no working breathalyzers the officers are forced to request blood on an operating while intoxicated arrest. With a blood draw there is increased time to process the arrest and due the pandemic wait times and exposure are issues at the emergency room.
- d.) The Michigan State Police are in the process of switching to another manufacturer of breathalyzers but that transition is not expected to take place until late 2022 or early 2023. It is uncertain if every department will receive a new unit.

*LEGISLATIVE ISSUES EFFECTING POLICE DEPARTMENT IN 2021*

- 1. Senate Bill 1046 came into effect April 1<sup>st</sup> 2021 which limits officers arrest powers to felonies and the serious misdemeanors. The law also provides a restricted timeline in which the arrested party must appear before a judge or magistrate. There are several exemptions to the law where an officer may arrest for a non-serious misdemeanor but the onus is on the Officer and Police Department to justify why the arrest needed to be made.
  - a) Senate Bill 1046 has affected the number of arrests that have been made and will be made in the future.
- 2. October 1<sup>st</sup> 2021 17- year-olds are no longer considered adults in the State of Michigan.
  - a) Above bill effects arresting and lodging of 17-year-olds.
  - b) Site and Sound Separation is mandated for lodging of juveniles
  - c) Lodging for any length of time would need to be at Wayne County Juvenile Intake.

*DOWNRIVER PROPOSED COMBINED PSAP CENTER*

- 1. In 2021 a combined dispatch center was proposed to include all cities in the Downriver Area with the possibility of the exclusion of the city of Taylor. A consulting firm was chosen and a feasibility study is to begin in late January 2022. The feasibility study is

being paid for from the DCC 911 Fund. If it is determined that a combined dispatch center is feasible and the majority of cities approve of combined dispatch it would take approximately 2 years to implement. I do not believe the City of Gibraltar could afford to opt out if the majority of the cities agreed to the combined dispatch center due to technology costs. Listed below are some of the advantages and disadvantages with a combined dispatch center for the City of Gibraltar.

### *Advantages:*

- In the event of a mass casualty scenario adequate staffing to address all the calls.
- Possible cost savings.
- Eliminate scheduling and staffing concerns.
- Eliminate the need for 911 and main line recording system.
- Coordinated traffic cameras in major traffic intersections.

### *Disadvantages:*

- Closure of Municipal Building after 4:00 pm on weekdays and closed 24/7 on weekends and holidays.
- Lodging of Prisoners at another city or facility.
- Pay for alarm monitoring system when building is closed
- Building security measures would have to be upgraded.
- Decrease service to the residents of Gibraltar.
- Need to hire an employee to handle walk in requests on a part time basis.
- Loss of local knowledge of geographic areas in the city.

## Warrant Request Report 2021

- Total number of Misdemeanor/Felony Warrants sent to Wayne County Prosecutors Office **33**
- Total number approved **13**
- Total number pending **16**
- Denied Warrants (3 Domestic, 1 Animal Cruelty) **4**

\*Wayne County Prosecutors Office is back logged with cases. The problem is twofold (1) due to Covid 19 there was extended period where no jury trials were held. (2) They are experiencing staffing shortages and employee retention issues. They are aware of the problem and are making efforts to reduce the back log of cases.

\* Lt Bruce Bullard is assigned to the Detective Bureau and is in charge and does an excellent job of submitting and keeping track of warrants that have been sent and warrants that we are pending approval or denial. The Department has several pending warrant requests from 2020 and 2019.

Our local Prosecuting Attorney is Mr. Mike Hurley from the contracted Law Firm of Pentaiaik, Couvreur and Kobilijak. Mr. Hurley handles civil infractions and misdemeanors less than 93 days of punishment. The Police Department has a positive working relationship with Prosecutor Hurley with there being an open line of communication with him to discuss direction on how to pursue local charges.

## **Ordinance Officer Report**

1. Our current ordinance officer is David Lacourse. Mr. Lacourse is a part-time employee and averages approximately 28 hours per pay period. The following were issued during 2021.
  - 80 ordinance violations warnings were issued.
  - 60 courtesy letters were issued.
  - 30 No Parking warnings
  - 7 Abandoned Autos were towed
  - 5 Stop work orders were issued
  - 12 Misdemeanor/Civil Ordinance tickets were issued
  - 14 Expired Business Letters were issued
  - 93 Violations were corrected
  
2. Mr. Lacourse does an excellent job with controlling blight and ordinance violations in the City of Gibraltar. The primary goal in ordinance enforcement is to have the homeowner or business correct the violation. The data above supports this in showing that far greater warning and courtesy letters were issued compared to tickets.

## Traffic Crash Report

<b>1. Number of on road motor vehicle crashes</b>	<b>52</b>
• Injury Crashes	11
• Non-Injury Crashes	19
• Fatal Crashes	0
• Car Deer- Crashes	13
• Bicyclists	2
• Hit and Run	7
<b>2. Number of off-road motor vehicle crashes (parking lot, driveway)</b>	<b>16</b>
• Injury crashes	0
• Non-Injury Crashes	16

## Gibraltar Fire Department Report

This year the department went through had changes in leadership and expectations. Staff grew and the department had a good year as a result.

Total Rescue Runs	444
Total Fires	62
Total Fire Calls	506

The department has a host of vehicles that are utilized and maintained. The following list outlines our fleet.

- 2011 E350 Module Ambulance
- 2003 E350 Module Ambulance
- 2018 Fore Explorer
- 2010 F350 crew Cab Pick up
- 2021 KME custom Pumper Engine
- 2013 KME 75' Tele-squirt Custom Ladder

### *Departmental Data*

January - May 14. 2021	
Total Rescue Runs	140
Total Fires	19
Mutual aid calls	52
Total Calls	159
Mutaul Aid Usage	33%
Total Voulenteer Members	22
Emergency Medical Technicians	15
Fire Fighters	4
Non- FF or EMT	2
Medical First Responder	1

May 15. 2021 -December 2021	
Total Rescue Runs	304
Total Fires	43
Mutual aid calls	15
Total Calls	347
Mutaul Aid Usage	4%
Total Voulenteer Members	23
Emergency Medical Technicians	19
Fire Fighters	2
Non- FF or EMT	1
Medical First Responder	1

The total report document data is segmentate in may as the department received a new chief that righted issues of staff responsivity and got the department organized. This, along with new administrative compensation policy for standby pay, has brought the department to minimal mutual aid requests.

Starting on July 6, 2021, the department began an emergency medical technician (EMT) course for itself and community partners. Upon starting the class, we had eight students. We finished with 8 Students. The four month, accelerated course, met two days a week and every other Sunday. Upon completion of the class the entire class passed with an average of 95% on their final exam. Moreover, each student passed this state issued exam on their first attempt. There is going to be another class starting in late February of 2022.

Participation in trainings were sporadic throughout the early part of the year. During the summer and into the fall, participation increased and a more cohesive department developed. The staff began working well together and have built a family environment with communication and support. Mutual aid usage dropped from 33% to 4% with a call capacity increasing of over 100%. There has been an increased participation at fire department functions and city functions, and we have worked on water rescue trainings and tours of our commercial properties to better asses their needs. This also provided insight into what hazards there are in a controlled environment.

We are doing more joint trainings with surrounding fire departments. I like to do trainings like this so when we get to mutual aids, we have a seamless connection between departments. Not

every department has the same equipment, so it is nice to understand the different departmental needs and capabilities.

There are many different trainings that are required for the fire department: continuing driving courses, search and rescues, water rescues. Increased participation keeps staff up to speed on new techniques. EMT need to complete hems protocols trainings every year, as well as medical service recertifications. Certain trainings need to be done as a requirement to our State re-licensing. The fire department is always training on all different kind of things.

A since of unity in the fire department is critical. A Chief works to make everyone's job easier and keep everyone healthy; one team, not many teams. Still, this only works because we have great people on this department that work well together.

The department has been in contact with the local schools and is going to be going to the school crisis meetings to lend support. This provides an addition level of service because if something were to happen that required the department, we are all have knowledge of the atmosphere.

This year, we have been organizing the fire department more effectively. Cleanliness helps make the fire department a proud, inviting, and comfortable place to work at and be proud of. This enhances our image and shows citizens and tour groups that we are a professional and proper outfit.

The major goal that the department set out to accomplish this past year was one word, "FAMILY". I wanted to bring the family atmosphere back to this department. We are a family; we take care of each other like a family, and we protect each other like family. Our success is collective, and our family makes it possible.

- Chief Cain

### *Planned and Wishlist Items for the Gibraltar Fire Department:*

- To apply for grants as they become available. This is critical to do as the city has limited resources that they can allocate each year. Grants help supply the department with additional resources.
- Purchase two more tough book computers for the fire trucks.
  - Easy to do fire reports, pic for reports, information gathering on scene verses paper and a camera.
- Perform team-building exercises to keep the department together and working well together. This builds family atmosphere and promotes cooperation between staff.

- Obtain cribbing, example air bags for auto accidents. These were originally supposed to be with new truck, but were removed for budgetary purposes.
- The new truck was ordered without a generator option. We have portable lights that need a power source to operate in instances when there are required.
- We have battery operated jaws of life to save on cost and prevent problems, the department can purchase tools that use the same batteries
- Re-Paint truck bay floor. The floor is original and needs to be updated with a proper flooring material.
- Truck bed slide. The crew cab truck we have does not have any places to put tools. We could fully equipment the truck with a slide out organization center.
- A white board for command truck could promote staff accountability, be a tool for diagrams and staging areas. Also, a computer monitor for our tough books to hook in the building would assist in reporting.
- I would like to host different trainings for our team. There is a driving simulator that helps people get defensive driving techniques. I would like to send certain members to these trainings.
- I would like to reserve Wayne County community college fire training simulator a couple times. Its controlled fire situations allow for unique sicario trainings that we cannot provide onsite.
- I would like to host drafting classes for other departments to come here and train along with us.
- I would like to set up an engineering class for our department. It's a certification class that the city could greatly benefit from.
- There is a Helicopter landing class that could be hosted with assistance from our local border patrol station. This would be a very unique and exiting opportunity for staff.
- Active shooter trainings are an unfortunate necessity, and I would like all staff to participate in a coordinated exercise.
- Overall organization of the firehouse is ongoing. Proper organization keeps operations running smoothly.

## **Gibraltar Recreation Report**

The recreation department oversees community center buildings and organizes city events. The department continues to highlight and promote the city as they are a centerpiece that the majority of the public interfaces with.

### *What does recreation do?*

- *Plan, manage, schedule, decorate, and hold events for the Gibraltar Community*
- *Provide rental halls (2 - Cooke Center, Gibraltar Community Center)*
- *Provide and maintain buildings, parks, and community grounds*
- *Monthly recreation meeting first Tuesday of the month at 6:30 pm*

### *How do we do this?*

- *Fundraisers*
- *Donations*
- *Find and work with volunteers and businesses who wish to support the Gibraltar Community*
- *Monthly recreation meetings*
- *Stay within given budget*

Recreation has a host of volunteers and community partners that make events possible. Routine fundraisers and donations keep events coming. The Cities Downtown Development Authority provides funding for major events like Music in the Park and the Fourth of July carnival. In 2021, as a result of the Covid-19 pandemic, many events were canceled or reduced in scope.

Gibraltar recreation prides itself on serving the community and its neighbors. These may consist of:

- Citizens and businesses who are part of the Community of Gibraltar
- Citizens outside the Gibraltar Community seeking rental halls and other recreational activities

### *Routine Activities*

There are many annual events that community members look forward to each year. The following help illustrate the many different fun opportunities that the community can participate in.

### *Holiday / events*

- *Christmas (December)*
- *Easter (April)*

- *Halloween (October)*
- *Fourth of July (July)*

*Weekly Events and Programs*

- *Scouts*
- *Exercise class*
- *Dance class*
- *Educational classes*
- *School events*
- *Senior lunch program*
- *AA meetings*

*Bi-weekly*

- *Over 50 club*

*Monthly*

- *Kiwanis club meetings*

Events are ongoing throughout the year at the city. The following tables breaks down timeline for each program.

*Fun family / neighborly events*

- *Music in the Park (June, July, August, and September)*
- *Father Daughter Dance (October)*
- *Pancake breakfast with easter bunny and marshmallow drop. (April)*
- *Pancake breakfast with Santa. (December)*
- *Movie in the park. (August)*
- *Farm Market (August)*

Gibraltar recreation oversees the many rental agreements and maintains the grounds for the recreation facilities. These include but are not limited to:

- *Cooke Center*
- *Gibraltar Community Center*
- *Pavilions*

*Upkeep & Maintenance*

- *Parks / grounds*
- *Gibraltar Community Center*
- *Cooke Centre*
- *Pavilions*

Scheduling and record keeping are key to running a smooth department as plans often change and adaptability is often needed. The ability to respond to and communicate with clients and staff on an around the clock basis is key to success in this department. Recreation goes above what is outlined on a work description and is always working to make sure that Gibraltar's best foot is put forward.

City of Gibraltar Community Center Rental Rates updated 2021

Small Room (Sunday-Thursday) 50 People

Rental w/out Kitchen: \$300.00(Includes \$150.00 Refundable Deposit)

- City events and government entities will not be charged for rental
- Non-Profit/501 c (3)- \$25.00 charge-No Deposit
- None resident fee of \$50.00
- \$100.00 Fee to set up evening before event.

### *Major Events; Achievements*

This year the city hosted a fantastic and very well attended Christmas celebration and tree lighting. Community partners, the high-school marching band and the firework surprise brought happiness and joy to residents as the Christmas band played well into the evening. This year the annual music in the park concert series was funded by \$3850 in donations. This saved the city money as well as provides insight into how impactful and appreciated the event is. We are excited for next year as this series will continue with additional events.

The following helps illustrate the appreciation and support that the department receives from the community and city.

### *Cost of Events After Donations*

- *Christmas \$297.62*
- *Movie in the Park \$1940.73*
- *Easter \$643.10*

### *Savings*

- *Received full donations (2019 Donation was \$3,350) canceled 2019 because of covid used donation in 2021*
- *2021 Beaumont hospital Trenton donated \$500.00*

As we look into FY 2022-2023 the budget remains consistent but will benefit from material like donations and volunteer help as always.

*Finances - Next year's Budget*

- \$12,000

*Possible savings*

- *Donations*
- *Sponsorship from the Downtown Development Authority*
- *Volunteers*

A large part of the budget are consumed for major community events and items such as movie in the park. This is Mainly due to licensures and time it takes to organize the events. The final breakdown of events from 2021:

*Total number of community events held: Six*

- *Music in the Park*
- *Farmers Market*
- *Tree Lighting Ceremony*
- *Easter*
- *Movie in the park*
- *Halloween*

*Departmental Goals, Needs & Future Fancily Enhancement*

There are many items that the recreation department could benefit from in the years to come. The Gibraltar Community Center is a heavily used and loved facility. As a result, there are items that must be attended to as the years elapse.

- *Parking lot*
- *Roof over storage area Paint (entire interior building) Furnace*
- *Air Conditioning Unit*
- *Electrical updates*

The Cook Center has a host of items that could make it a better community asset and enhance its overall usability.

- *Flooring (carpet & tile) throughout*
- *Parking lot*
- *Ceiling in two old bathrooms, foyer, and storage area*
- *Lighting in large room*

- Furnace
- Air Conditioning Unit
- Electrical updates

*Boblo Pavilion*

- *Outside bathrooms*
- *Paint*
- *Install ceiling*
- *Ceiling fan*

*Skate Park*

- *Full makeover*
- *Outside bathrooms*

*Bridge to Gazebo*

- Land cleaned out for family ice skating
- Outdoor exercise equipment

*More Goals for Recreation Include:*

- *Increase kid summer programs*
- *Add outdoor facilities for kids and families*
- *Waterpark*
- *Outdoor exercise obstacles along paths*
- *Ice rink*

The recreation department thanks the following community members for their support.

- Gibraltar Rotary
- Sunseeker's Boat Club
- Gibraltar Fire Department
- Kawanis Club
- Boy Scouts of America

## **Assessor's Report**

The City Assessor is responsible for estimating the market value of your property, for tax purposes. This is accomplished through discovering, identifying, and classifying all taxable property in the city. To determine the value of any piece of property, the assessor's office must first gather all pertinent information such as the physical description of the improvement, real estate sales, construction costs, rental incomes, operating expenses, and any other factors that may affect value. The Assessor's Office keeps records on all properties, both land and buildings located in the City of Gibraltar.

The State of Michigan Constitution requires that property be assessed at 50% of true cash value. Proposal A was a constitutional amendment passed in 1994 that placed additional limits on the values used to calculate property taxes. Beginning in 1995, property taxes were calculated by levying the millage on the taxable value, rather than the state equalized value.

The taxable value is the lesser of the capped value and the state equalized value. The capped value is calculated by taking the previous year's taxable value, subtracting any losses from demolition, then multiplying by the inflation rate or 5%, whichever is less, then adding any value for new construction. The inflation rate for 2022 is 3.3%.

Notice of assessment changes are mailed annually at the end of February. This is a notice of assessed value, taxable value, and homestead status. Property owners can appeal their assessed value to the March Board of Review. Information about the appeal process is included on the notice of assessment.

### **Board of Review**

It is the responsibility of the assessor to assess property in accordance with the law and accepted practices. A Board of Review is not the assessor. The Board of Review is, in fact, embodied to hear petitions that challenge a decision of the assessor, and it is the Board of Reviews responsibility to make an independent judgment based on the facts and on law.

The Board of Review is required to meet in March of each year. If there is business to conduct, the Board of Review shall also meet in July or December or both July and December.

There were 9 protests to the March Board of Review in 2021 for the City of Gibraltar.

In 2022, the March Board of Review will meet on March 8<sup>th</sup> and March 22<sup>nd</sup>.

### **Michigan Tax Tribunal**

If a taxpayer is not satisfied with their appeal to the Board of Review, they can take the appeal to Michigan Tax Tribunal. The Tribunal is made up of two divisions:

1. Small Claims Division - The Tribunal's Small Claims Division utilizes an informal hearing process to resolve the majority of all appeals filed with the Tribunal. There is no formal record taken of the hearing and parties typically represent themselves. Small Claims hearings are generally 30 minutes in length.
2. Entire Tribunal Division - The Entire Tribunal utilizes a formal hearing process to resolve the more complicated appeals. There is a formal record of the hearing and attorneys typically represent the parties. These hearings usually last 1 to 5 days.

There were no appeals to the Tribunal for the 2021 tax year. In the three years prior (2018 to 2020) we had four appeals total.

### **2021 Assessed Value Totals**

Single family residential – 160,687,050

Multi-family residential – 8,695,700 (this number is also included in the commercial total)

Commercial – 15,188,000

Industrial – 10,852,100

### **Percent of Property Type**

Homestead – 77%

Residential Non-Homestead – 9%

Commercial – 8%

Industrial – 6%

## ENGINEERING PROJECTS UPDATE

### CITY OF GIBRALTAR

Status as of January 27, 2022

*The City of Gibraltar has many ongoing projects and is in doing well overall. This annual report detail has been the first document of its kind produced in over three years. As Mayor, Council, Community Partners and the Citizens of our home reconcile and reflect on the information provided, it is important to let staff know what was impactful, what was unnecessary and what requires additional explanation.*

*This 2021 report is a building block for future reports and similar documents. A big thank you to all staff and partners who made this possible.*

Thank you,  
- City of Gibraltar Staff
